

Green Approved Product

For

National Green Building Certification

This is to signify that the following products for residential construction

Ply Gem Stone

Manufactured by

Ply Gem Industries

Have been approved for points toward National Green Building Certification to the ICC 700-2008 National Green Building Standard as shown on page 2 of this certificate.

The NAHB Research Center hereby authorizes accredited verifiers to award these points toward certification when the products are used in accordance with the conditions shown on page 2 and the manufacturer's installation instructions.

This information has been verified by independent third-party testing or evaluation.

Green Approved Products Certificate #00087

Products: Ply Gem Stone

Manufacturer: Ply Gem Industries

The use of these products is approved to receive points to certification under the National Green Building Standard practices as noted below:

PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONS OF USE TO AWARD POINTS
601.7	Building materials/assemblies do not require additional site applied material for finishing. 12 points max. awarded.	2-5	To award five points this product must be used for at least 90% of the wall cladding material. To award two points this product must be used for at least 50% of the wall cladding materials.
602.8	Termite-resistant materials are used in portions of the building.	2-6	To earn two points, product is used in conjunction with other termite resistant materials for the first 2 feet of all the foundation, floor, and structural wall, wall cladding, and exterior deck components in zones with slight to moderate termite infestation. 4 points are awarded when used in conjunction with other termite resistant materials for the first 3 feet in moderate to heavy termite zones, and 6 points are awarded for use with other termite resistant materials for all of the foundation, floor, and structural wall, wall cladding, and exterior deck components in areas of very heavy termites.
